Mad Game, now Mad NBA CHAMPION!Von Ein KundeI read the book a little while back, and I thought it was a great read on the most electrifying basketball player today. At that time, Kobe was going through a lot of growing pains, a lot of failures, crtisisms, bad chemistry with teammates. And now, this season, I've seen Kobe's maturation and improvement in the league, playing more under control, playing in Phil Jackson's triangle offense, having better

rapport with Shaq and his teammates. His incredible performance in Game 4 of the NBA Finals in overtime was unforgettable and it is only the beginning. Now he is finally an NBA champion with the Lakers, and hopefully, this will be the beginning of another great Laker dynasty, the first of the 21st century!

Kurzbeschreibung When Kobe Bryant joined the glitzy Los Angeles Lakers in 1996 right out of high school, he faced a wave of media hype that declared him the next Michael Jordan. Now a veteran of five NBA seasons at the age of 23, Bryant has earned a place among pro basketballs elite. Mad Game documents his hard lessons on the road to stardom, his rapid rise through the NBA, and his conflicts with and, at times, alienation from his teammates, including his on-and-off-again relationship with Shaquille O'Neal. This is a story of triumph, of an unusually gifted young athlete trying to remain true to himself and his game.
