At times a gripping read, I was even moved to tears.The style of writing has something refreshingly new. I liked the differences in the language of the characters, representing their different social backgrounds. One could maybe argue that there are too many people for a story thats this short. Personally, I was okay with the amount of people in the story. I've always liked stories where the characters and their destinies intertwine as it was the case in 'MHoL'. That, and especially the last chapter, made appetite for more.Good job! Im looking forward to the next book in the series. :)0 von 0 Kunden fanden die folgende Rezension hilfreich.
