Courtesy of Teens Read TooVon TeensReadTooI really enjoyed reading the first book in the new MAIN STREET series by Ann M. Martin. I am glad that she is doing another series. I have many girls in my 5th-grade class who are still reading THE BABY-SITTERS CLUB and this new series is a little more timely.It is the story of two sisters, Flora and Ruby, who lose their parents one night in a terrible car crash. Their grandmother picks up the pieces of their lives and they

move to Camden Falls to live with her. Their grandmother owns a sewing shop and the girls help her out. There they meet two other girls -- Olivia, who lives next door and whose grandmother is co-owner of the shop, and Nikki, who is poor and lives on the wrong side of town. Flora, Olivia, and Nikki are all in sixth grade and have the same teacher, and Ruby will be in fourth grade. The author has made a simple story very contemporary by including many social issues that kids need to face each day. There is a family contending with Alzheimer's Disease and another with downsizing. Flora is faced with trying to know who she is and who her parents were, there is a lady who has been in a concentration camp, another family who has a teen with Down Syndrome, and poverty. It is an intelligent and not watered down story. I am looking forward to reading the next one in the series and introducing them to my class in the fall. Reviewed by: Marta Morrison

Kurzbeschreibung Combining the heart of her Newbery Honor-winning fiction and the spirit of her legendary Baby-Sitters Club series, Ann M. Martin introduces a timeless new series for girls. Flora and Ruby do not want to move to Camden Falls. But they don't really have a choice -- their parents are dead and their grandmother, Min, is taking them in. It's strange to be in a new place. But luckily, it's a very welcoming place. Min runs a sewing store, Needle Thread, at the heart of Main Street in Camden Falls. There, Flora and Ruby become friends with Olivia, who likes to organize things, and Nikki, who lives on the wrong side of the tracks. Even if Flora and Ruby never expected it to, Camden Falls becomes their home . . . and its stories become a part of their stories.
