**Von Ray Daniels : Making Out in Chinese: Revised Edition (Mandarin Chinese Phrasebook) (Making Out Books)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Out in Chinese: Revised Edition (Mandarin Chinese Phrasebook) (Making Out Books):

KundenrezensionenHilfreichste Kundenrezensionen

Kurzbeschreibung Making Out in Chinese is your indispensable guide to contemporary Chinese as it's really spoken on the streets of Beijing, Shanghai, Taipei or Singapore. This best-selling Mandarin phrasebook is the perfect introduction to everyday interactions in China and other Chinese-speaking countries, and includes colorful slang that'll help rev up your social life. More than just a typical Chinese phrasebook it features a pronunciation guide, and notes on Chinese language and culture. With Making Out in Chinese you'll be able to express yourself when: Making new friends Sharing a meal Going out on the town Flirting and getting amorous And much more! Each expression in this phrase book is given in Chinese characters and their pinyin (Romanized) equivalent. It is designed to enhance your experience in using the language (and in a pinch, you can show the Chinese text to the person you're speaking to). Making Out in Chinese also includes interesting tips on social norms and cultural practices, eating, social media, hanging out, and other situations. The last chapter on Vogue Expressions lists many contemporary slang expressions that are popular these days. For the savvy traveler, this is a Chinese phrase book you won't want to be without!

Pressestimmen-Cheesy title but actually a good reference! Have to remember that this is still a Tuttle book. Has pinyin with tone marks AND characters. The language is also (presumably) not the stuffy phrasing you find in textbooks, but none of that outrageous slang nobody really uses, or would dare to use.- #8212Goodreads-One of the things that I most like about the books is that they include the English translations of the phrases as well as the sentences and words in the writing system of the language alongside the transliteration. This is great both for those who are interested in a more conversational approach and for those interested in more in-depth learning.- -- Eurologue
