Von Peter Constantine, Gene Baik : Making Out in Korean: Third Edition (Making Out Books) before

purchasing it in order to gauge whether or not it would be worth my time, and all praised *Making Out in Korean: Third Edition* (Making Out Books):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. useful phrases; poor romanizationVon Ein KundeOverall this book includes a wide variety of up-to-date expressions and slang. I had heard many of the phrases in Korea, but until reading this book I didn't know what they meant, proof that this book is just as useful for advanced students as well as for pure beginners. My main gripe is with romanization. For example, Korean has an "uh" sound and an "oh" sound; in this book they are all written the same way. Also, the author has no knowledge of Korean grammar (e.g. he says "mashida" literally means "liquid"), which gives me less confidence to use phrases I have never heard before.

Kurzbeschreibung*Making Out in Korean* is a fun, accessible and thorough Korean phrasebook and guide to the Korean language as it's really spoken. Nan neoga joa michigesseo! Uri tto mannalkka?(I'm crazy about you! Shall we meet again?) Answer this correctly in Korean and you may be going on a hot date. Incorrectly, and you could be hurting someone's feelings or getting a slap! Korean classes and textbooks tend to spend a lot of time rehearsing for the same fictitious scenarios but chances are while in Korea you will spend a lot more time trying to make new friends or start new romancesomething you may not be prepared for. If you are a student, businessman or tourist traveling to South Korea or North Korea and would like to have an authentic and meaningful experience, the key is being able to speak like a local. This friendly and easy-to-use Korean phrase book makes this possible. *Making out in Korean* has been carefully designed to act as a guide to modern colloquial Korean for use in everyday informal interactions giving access to the sort of catchy Korean expressions that aren't covered in traditional language materials. As well as the Romanized forms (romanji), each expression is given in authentic Korean script (hangul), so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. In addition, easy-to-use phonetic spellings of all Korean words and phrases are given. For example "How are you?" *annyeonghaseyo?* is also written as *anh-nyawng-hah-seyo?* This Korean phrasebook includes: A guide to pronouncing Korean words correctly. Explanations of basic Korean grammar, such as, word order, questions, and formal vs. informal tenses. Complete Korean translations including Korean Script (hangul). Useful and interesting notes on Korean language and culture. Lots of colorful, fun and useful expressions not covered in other phrasebooks. Titles in this unique series of bestselling phrase books include: *Making Out in Chinese*, *Making Out in Indonesian*, *Making Out in Thai*, *Making Out in Korean*, *Making Out in Hindi*, *Making Out in Japanese*, *Making Out in Vietnamese*, *Making out in Burmese*, *Making Out in Tagalog*, *Making Out in Hindi*, *Making Out in Arabic*, *Making Out in English*, *More Making Out in Korean*, and *More Making Out in Japanese*.
