Von Doug Hills : Manga Studio For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Manga Studio For Dummies:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Veraltet und berflssig... Von SabrinaIch wei nicht genau was ich erwartet habe, aber dieses Buch hat miene ERwartungen leider nicht erffllen knnen.Die Qualitt des Ganzen ist eher schlecht. Die Seiten sind sehr dnn und es gibt keine Farbdarstellungen. Das Kapitel zu Coloration fillt auch eher schlicht aus (obwohl das ein Thema ist, das mich besonders beschftit hatte). Den Schluss zu ziehen, dass man sich damit nicht so stark auseinandersetzen muss, da Mangas ja schwarz-wei sind, finde ich persnlich etwas klglich.Auf die meisten anderen Funktionen wird ganz gut eingegangen, aber ich WARNE hier: Das Buch ist nicht mehr fr aktuelle Versionen von Manga Studio! D.h. dass sich mittlerweile einiges gendert hat. (Das Buch vermittelt enige Dinge, die man vielleicht ntzlich findet, auch wenn man Manga Studio 5 hat, aber vieles ist auch veraltet).Ich persnlich konnte mehr aus der digitalen Anleitung, die eh mitgeliefert wurde, anfangen, als mit dieser Extra-Investition.Fazit: Einige Tips sind ntzlich, der Groteil aber eher

berflssig.1 von 1 Kunden fanden die folgende Rezension hilfreich. Reasonable overviewVon Mag Markus MiklasThis book is sort of the missing manual, but not really an excellent manual. It fulfills the basic needs, but cannot compare with the quality standard that I am used to from "for Dummies" books. With version 5 there is fortunately a real manual that is actually better than this book.0 von 0 Kunden fanden die folgende Rezension hilfreich. HilfreichVon Ulrich KehreinHallo zusammen, habe Manga 5 Studio angeschafft. Bin Hobbyzeichner / Maler und mchte mich auch in Comics versuchen. Wer mit Manga 5 Studio sinnvoll arbeiten will, kommt an diesem Buch nicht vorbei. Es bezieht sich zwar auf Manga 4 bzw. Manga 4 EX aber die Funktionen die in Manga 5 Studio neu sind, waren grtenteils bereits in Manga 4 EX enthalten (Auer den Farb-Optionen und den 3D Anteilen). Auerdem ist zu beachten, dass die Hilfe in Manga 5 nur mit "JAPANISCHEN" Screenshots erfghar ist (zur Zeit). Damit kann man nicht arbeiten bzw lernen. Gru

Kurzbeschreibung Love Manga? The newest features of Manga Studio help you bring your ideas to life! The tools available in the latest version of this powerful program make it easy to turn your computer into your drawing board, and Manga Studio For Dummies makes it easy to get started. Discover how to use Manga Studio to begin creating comics in manga or Western styles, add color to your creations, and share them with your adoring public. Synopsis Manga is hot! If you can't wait to start creating the unique comic-style using the most popular Manga software, "Manga Studio For Dummies" will get you going faster than you can say "Zap!" "Pow!" Not long ago, Manga's distinctive drawing style was too exacting for any consumer-priced software to handle. Then along came Manga Studio, and comic artists like Doug Hills, author of "Manga Studio For Dummies", began creating their comics using the unique tool. Manga Studio lets you manage your artwork just as you would on paper, with pen and pencil tools that work the way you want. "Manga Studio For Dummies" shows you how to use the software to create and publish comics in Manga style or other comic styles like a pro. You'll find out the secrets to: installing and setting up Manga Studio; understanding the toolbars and palettes; creating a strong storyline; building and using page templates; importing art files; working with layers and rulers; inking your work and adding tones; and, using digital and traditional tools to complement each other. You'll even get a 30-day free trial version of Manga Studio Debut on the bonus CD-ROM, and you can register it at a discounted rate when the trial period ends. The CD-ROM also includes a library of images and short stories you can use to create your own Manga. Grab Manga Studio "For Dummies and start creating today!
