Von MaryAnn Myers : Maple Dale (Maple Dale Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Maple Dale (Maple Dale Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An inviting, heartwarming story...Von Ein KundeMy authors of choice are Stephen King and Anne Rice, so when I was

introduced to Maryann Myers by way of Call Me Lydia I'll admit it took me awhile to pick it up and start reading. I am so very glad that I did! Maryann has a wonderful way of making you care about her characters...the cast of Mapledale is no exception. A half dozen very different people drawn together by a single force and you can't help but turn the page to see how their struggles will be settled. The force is Mapledale, the relationships numerous, and the emotions heartfelt (whether it's pride, concern, joy, or contempt). On top of everything else it is simply a really GOOD story. It may be getting colder outside now, but there is a very inviting fire burning between the pages of this book - I suggest brewing a cup of tea and settling into the warmth that is Mapledale. Enjoy! And thank you, Maryann! 0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a definitely good read. Von Ein Kunde Do you believe in ghosts? Maple Dale, the horse farm, turned into a living complex has a ghost. She affects the lives of all who come in contact with her spirit. This is an uplifting ghost story of how death affects the living. It demonstrates feelings that exist beneath the surface and are slowly revealed in the day to day contact of one human being with another, both living and dead. Maple Dale also portrays the essential value of hope. Hope can destroy prejudism, pain, and disillusionment as it does in MaryAnn Myers novel. This book shows how hope brings together people who would not have met but for the death of one solitary woman. Maple Dale is a good read and I recommend it highly. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Maple Dale an excellent book. Von Ein Kunde Maple Dale was so wonderful. I couldn't put it down. I have already circulated the book to three of my friends. They all agree Maple Dale was so easy to read, held our interest and the writer was able to convey and express human emotions to the reader both happy and sad. I can relate to the book as my family loves horses and enjoys good reading. I think this could be movie. Ofcourse, I want to play Leah Oliver. I hope Mary Ann continues to write and publish books that are enjoyable, affordable and bring a little sunshine to my day.

Kurzbeschreibung Horse lovers, rejoice! When the MAPLE DALE Equestrian Center is sold to a developer, Leah as its headmistress is so determined to prevent its imminent destruction, not even death will stop her. Fiercely independent, but lost and alone, for the first time in her life she must rely on others, learn how to trust, and ultimately to forgive. Compelling and heartwarming, Maple Dale is the story of her relationship with her students and the family she never knew she had. A family as diverse and troubled as you've ever met, and yet who must come together in singular purpose, for Leah's sake. MaryAnn Myers, author of critically acclaimed first novel Call Me Lydia, storyteller extraordinaire, proves to be a master of allegory in Maple Dale, and will make you wonder. A book to read, to give to a friend, to discuss, and to read again. A treasure. Maple Dale is the Prequel to Maple Dale Revisited
