Von Jules Verne : MARRIAGE OF A MARQUIS (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised MARRIAGE OF A MARQUIS (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
Excellent new serie of Verne in english Von Vernian The new English Jules Verne edition starting with this book is an excellent work by the editors, bringing newly and originally translated novels never published before in English language, including a wide introduction and analysis around the novel and its background. This first book of a coming series starts with a rather unknown text, illustrated with nice original illustrations from other Verne novels selected to

fit thematically into this text. A high recommendation to acquire this book!!

Kurzbeschreibung Jules Verne is the acclaimed author of such pioneering science fiction as *20,000 Leagues Under the Sea* and *Journey to the Center of the Earth*. Yet he also wrote much more, including stories never before translated into English, which will be presented for the first time in the Palik series, under the auspices of the North American Jules Verne Society. Foreshadowing such classics as *Around the World in 80 Days*, this inaugural volume focuses on two of Verne's earliest humorous stories, *The Marriage of Mr. Anselme des Tilleuls* and *Jddias Jamet*, or *The Tale of an Inheritance*. Translation is provided by Edward Baxter and Kieran O'Driscoll, two of the leading Verne experts; critical commentary examines both stories, and scholars explore why some of the author's stories were overlooked for so many years.
