Von Joan Kane Nichols : Mary Shelly: Frankenstein's Creator (The Barnard Biography Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mary Shelly: Frankenstein's Creator (The Barnard Biography Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

WRITER SPARKS LIFE INTO LONG-DEAD AUTHOR! Von Ein Kunde Couldn't resist the temptation to write that headline. It's true that this book brings Mary Shelley to life as a fascinatingly modern person; it shows the world she grew up in and how it ended up in Shelley's most famous book; and it brings up, through Shelley's concerns, questions of very modern import. As an adult I enjoyed this book thoroughly and hope it finds a variety of readers who will find in Shelley a kindred spirit. I thought the reading level was pitched a little low for teens, but that shouldn't bother them and the content is definitely appropriate for Young Adults. In fact it will probably offend a lot of parents who are not, shall we say, on Shelley's level... Shelley and her circle of friends might have made some mistakes; they took lots of risks; but they did all this in attempting to be true to their own ideals. A great story which has fascinated scholars for years is made accessible here, in all its gory detail, to teens (and, as I say, adult readers can enjoy it, too). 0 von 0 Kunden fanden die folgende Rezension hilfreich. Heartfelt, brooding, Gothic! Von Ein Kunde This biography of Mary Shelly offers very moving insights into the life (sorrows, defeats, triumphs) of the young enfant terrible who brought us the world's first truly "modern" monster, literature's most famous abandoned child. Nichols deftly conjures the fears and desires that allowed young Mary to dream such a terrible vision, and offers invaluable insights into the legacy Mary would ultimately sow. Strongly advised for all fans of Lit, Horror, Gothic Romance, and good old fashioned storytelling.

Kurzbeschreibung A biography of the nineteenth-century English writer who at the age of nineteen wrote the classic horror novel "Frankenstein".
