Von Thomas W. Jones : Mastering Genealogical Proof (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mastering Genealogical Proof (English Edition):

KurzbeschreibungMastering Genealogical Proof aims to help researchers, students, and new family historians reconstruct relationships and lives of people they cannot see. It presents content in digestible chunks. Each chapter concludes with problems providing practice for proficiently applying the chapters concepts. Those problems, like examples throughout the book, use real records, real research, and real issues. Answers are at the back of the book along with a glossary of technical terms and an extensive resource list.KurzbeschreibungMastering Genealogical Proof

aims to help researchers, students, and new family historians reconstruct relationships and lives of people they cannot see. It presents content in digestible chunks.
