**Von Doug Sahlin : Mastering the Lensbaby: A step-by-step guide to mastering your Lensbaby and becoming a more creative photographer (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mastering the Lensbaby: A step-by-step guide to mastering your Lensbaby and becoming a more creative photographer (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr gut und UmfassendVon Targ1234Eines der besten Fotobcher die ich bisher gelesen habe. Die Handhabung der verschiedenen Objektiv wird sehr gut und praxisnah erklrt.

KurzbeschreibungYour One-Stop Lensbaby ResourceIf you've ever wished you could create compelling images with the Lensbaby and the Lensbaby Optic Swap system, this is the book for you. Written by professional photographer and Lensbaby Guru Doug Sahlin, "Mastering the Lensbaby: A step-by-step guide to mastering your Lensbaby and becoming a more creative photographer", shows you how to come to grips with the most popular bodies in the Lensbaby stable: The Lensbaby Composer, The Lensbaby Composer Pro, and The Lensbaby Scout. You also learn how to use every Lensbaby optic and accessory.In the first part of the book, Doug discusses important digital photography concepts you need to know in order to master your Lensbaby. Then he discusses all of the Lensbaby optics as well as the accessories you can add to the Lensbaby hostel in your camera bag. The first chapters in this guide show you everything you need to know to set up your digital camera for Lensbaby photography. In the first chapters of the book you learn to:Set-up your camera for the LensbabyChoose the right optic for the jobAdjust your camera to capture the sharpest images possible with your LensbabyAccessorize your LensbabyMove the Sweet Spot of FocusChange opticsChange aperture disksShoot close-ups with the Macro Kit and Macro ConvertersUse the Wide Angle, Super Wide Angle and Telephoto attachmentsMaster the Edge 80But wait, there's more...Become a More Creative PhotographerLensbaby photography is all about being creative. In the latter chapters of this authoritative guide, Doug shows you some techniques to be more creative with your Lensbaby equipment. In addition, he shows you how to become a more creative photographer. You'll learn rules for composing your Lensbaby photographs, and learn when you can break them. In the creativity chapters of this book learn to:Develop a styleVisualize your imagesCompose your imagesConvey a mood with your photographsCreate abstract imagesAnd much more...The author also shares lots of Lensbaby Tips and Tricks; information he's learned from creating thousands of Lensbaby images.Learn How to Master your Lensbaby and Create Unique ImagesThis is the only complete resource available with the information you need to create compelling Lensbaby photographs. Included is a chapter on inspiration where Sahlin discusses Lensbaby images created by Doug and Roxanne Sahlin, who are affectionately known as: The Lensbaby Duo. In this chapter Doug and Roxanne discuss the reason why they created each image as well as which optic and settings were used and how the image was post processed. The book is lavishly illustrated with full-color photos. The book works with all Kindles, but is best viewed on a device with full color such as the Kindle Fire. The book also looks great on the Kindle app for the iPad. If you don't have a Kindle or an iPad, you can read this book on your computer using the FREE Kindle app for the PC or Mac.If you've ever wanted a Lensbaby mentor on demand, this is the book for you. To take your Lensbaby photography to the next level, scroll up and buy the book now!
