Excellent reader or copybook Von Ein Kunde The Revised McGuffey's series is an excellent tool for developing reading comprehension, and because the stories are also short, they can be used as copybook exercises for improving handwriting skills. Includes many examples of beautiful 19th century artwork. Also, these hardcover textbooks are an

extremely good value when you consider what you are getting.

In 1879, the readers were revised to better portray America as a melting pot of moralities and middle-class values. The McGuffey Readers have been popular for more than 150 years, have sold more than 120 million copies since 1836, and are still in use today.
