Profound depth and all-encompassing understanding Von AW The relation between our mental world and health becomes clear. The millenium old knowledge of wholesome wisdom of the heart, and holyness, health and the state of our mental whelm is beautifully described. To me, to read this book, written in a loving and clear language was a healing experience by itself. You dive in the sacred heart of this Sufi-Master, who was one of the first, coming with this oriental wisdom from India to the West. "It is not, what gets into your mouth, that makes you impure, but that what gets out of it" ... or so, as Jesus said... And here you find the instructions, how to purify your mind - very simple. Sorry, if my English is a little odd - it's not my mother tounge...

Synopsis The author provides a guidebook for inner path. It provides with an insight and understanding which may be a welcome in a circle of Sufi friends, or as a silent companion on your further way. It is a volume rich in both quantity and quality. It offers beautiful insights into the world of the mind in its relation to the body one the one hand, and to the soul on another.
