Von Jim Hutton, Tim Wapshott : Mercury and Me (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mercury and Me (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice Insights - Freddie would hate it.Von DanielDThere is something fascinating about the Person Freddie Mercury.... So i bought this Book to get a sneak into the Life and the last years of this talented, generous and, in real life very shy and full of seperation anxiety Person.The Book is infact mainly about Jim Hutton and expensive gifts. Some of it its

clearly a privacy invasion that Freddie would not accept if he was still alive. It's an interesting read but appears somewhat patchy with some length and repetitions and too much self-aggrandizing. Recommend the much cheaper ebook-version ;-)
0 von 0 Kunden fanden die folgende Rezension hilfreich. Grossartig
Von berlinfan
Ein absolut groartiges und liebevolles Buch des Lebensgefährten von Freddie. Es gibt interessante Einblicke in das Leben und die Psyche dieses Rockstars, der privat offenbar ein anderer Mensch war als auf der Bühne. Sehr lesenswert, nicht nur für Queen-Fans.
0 von 0 Kunden fanden die folgende Rezension hilfreich. Truly enjoyable and warm book
Von Zzzz
I have enjoyed this book very much. Very kind and down-to-earth way of writing. Many interesting details. Of course a bit (or a lot) sad story. But it left very nice impression on me, pity that the author died as well, he seemed to be a very nice guy.

Kurzbeschreibung With a new introduction by Jim Hutton's co-writer Tim Wapshott, *Mercury and Me* is the story of rock's oddest couple. The relationship between Freddie Mercury and Jim Hutton evolved over several months in 1984 and 1985. Even when they first slept together Hutton had no idea who Mercury was, and when the star told him his name it meant nothing to him. Hutton worked as a barber at the Savoy Hotel and retained his job and his lodgings in Sutton, Surrey, for two years after moving in with Mercury, and then worked as his gardener. He was never fully assimilated into Mercury's jet-setting lifestyle, nor did he want to be, but from 1985 until Mercury's death in 1991 he was closer to him than anyone and knew all Mercury's closest friends: the other members of Queen, Elton John, David Bowie and Phil Collins to name a few. Ever present at the countless Sunday lunch gatherings and opulent parties, Hutton has a wealth of anecdotes as well as a deep understanding of Mercury's life. He also nursed Mercury through his terminal illness, often held him throughout the night in his final weeks, and was with him as he died. No one can tell the story of the last few years of Mercury's private life - the ecstasies and the agonies - more accurately or honestly than Jim Hutton.
