OkayVon Monica LakeWhen you have read one Michael Jackson book, you have read them all; however, this book is

different and more positive than most. A true Michael Jackson fan would go for this book. I liked the cover and the author tells a compelling story about the superstar even though it's from her perspective. The writer was an obvious fan.

Kurzbeschreibung "Michael Jackson Rocked the World and Lives Forever is an honorable compilation and a rare collectible that is a true tribute to the life and career of Michael Jackson, the world's most proficient entertainer that ever set foot on a stage! He was a masterful entertainer, prominent all over the world. This volume is a glimpse through the window at some of his brilliance. It considerably peels back all the layers of his genius career and allows the reader to take a breathtaking look inside of the magnificent world that shined for him during his tenure. This book is written reverentially, and is conceivably the most positive, respectable reference on the market about the superstar. While covering his life and career, it also allows the reader to walk with the superstar through the darkest storms of his journey and witness firsthand his will to stand! Michael Jackson never gave up or took himself out of the ring no matter how devastating the blow! The pain that injured his soul and found a home inside of his heart never altered his goal to strive for excellence at all costs, to bring nothing but perfection to his performance to showcase to the world. This is his legacy for the world!"
