Kurzbeschreibung A tale with many tails, perfect for cat lovers everywhere! Miss Hazeltine is opening a very special school for shy and fearful cats. They come from all over, and Miss Hazeltine gives them lessons in everything, from Bird Basics to How Not to Fear the Broom. The most timid of all is Crumb. He cowers in a corner. Miss Hazeltine doesn't mind. But when she gets in trouble and only Crumb knows where she is, will he find his inner courage and lead a daring rescue? Filled with adorable illustrations and ideal for fans of *Disappearing Desmond* and *The Invisible Boy*, Miss Hazeltine's *Home for Shy and Fearful Cats* is a story that's perfect for shy and fearful children as it both helps them face scary situations and accepts them just as they are.

Pressestimmen A tremendous treat \* Books for Keeps
