Von Norma Fox Mazer : Missing Pieces (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Missing Pieces (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Pieces Missing Von Ein Kunde Jessie's story, told in the book Missing Pieces, is awesome! The beginning of the book starts with Jessie's mother, Maribeth, telling a young Jessie of the child's life story. Jessie's father, James, left Jessie and her mom went she was little. Jessie now a teenager, is searching for the missing pieces in her life concerning her father.

Along the way of searching, Jessie has troubles with school, friends, and her family, like all the problems any other teen has to deal with. The ending, I am not quite sure I like. It ends with an unexpected ending, that is more real life than the happy ending of most books. My favorite character was Aunt Zis. Zis was an old, forgetful woman who helped Jessie with some of her problems. The author, Norma Fox Mazer, did a great job of portraying a teen's struggles and problems. Missing Pieces is mainly a drama, but is romantic and sad at times. Overall, I thoroughly enjoyed the book, and give it a must read for teen girls! 0 von 0 Kunden fanden die folgende Rezension hilfreich. I recommend it for any teenager who enjoys to read. Von Ein Kunde Jessie Wells was a fourteen-year-old girl who is searching for her father who left her when she was a baby. It was very difficult for Jessie to maintain a "normal" teenage life and look for her father. I think she was a very strong girl considering what she went through and what she did to achieve her dream to find her father. She went through a lot emotionally. And in the midst of this, she meets a guy who stood by her through it all. The only problem was that the guy was her best friend's crush. Jessie and her boyfriend do end up finding her father. It wasn't the reunion she had hoped for though. There was nothing about this book that I did not like. It was an excellent story with a great meaning. If you want something bad enough, don't ever give up. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Missing Pieces found Von Ein Kunde This was my first NFM book, and it made me a fan of her other stories as well. It's about a strong teenage girl named Jessie who was searching for her father that abandoned her family years ago. She had a mostly good life otherwise- a loving mother, aunt, friends, and a boyfriend- but she was missing that one important person. This problem affected her other relationships, for better or worse. I liked the book, except for two problems. First, Jessie went steady with her best friend's crush. I really felt for Meadow on that one. Second, the eventual reunion between her and her father wasn't as I'd expected. But everybody makes mistakes, and we know she'll find her dad again. Overall, I recommend this book to other teenagers who love to read.

Kurzbeschreibung Jessies father has always been a missing piece of her life but if she were to find him, how would he feel about her? Jessie Wells thinks four is a good number. Things with four sides are sturdy and strong. A box, a chair, a room with four walls. But ever since the day Jessies dad left, Jessie, her mother, and Aunt Zis have been a triangle three-sided, though solidly linked. Jessie has heard the story: Her beautiful young mother had married a prince who disappeared one day, so she had raised her daughter with the help of Aunt Zis. But lately, the picture in Jessies mind seems incomplete. Who is James Wells? she wonders. He must be more than just a deadbeat dad who deserted his wife and child, and Jessie is determined to find out, even if she has to call every Wells in the phone book and there are a lot of them. But if Jessie finds her father and asks him all her questions, will she like the answers?
