The most scholarly examination of A. de Rhodes in VietnamVon Ein KundeThose interested in the history of Christian mission in Vietnam and in the work of Alexandre de Rhodes will find in this volume a mine of information hitherto unavailable. In particular, the book examines de Rhodes's work, *Catechismus*, which is the first published Vietnamese book in the Romanized script. Phan's book is a landmark study.

KurzbeschreibungMission and Catechesis explores the life and work of Alexander de Rhodes (1593-1660) the Jesuit considered the founder of Vietnamese Christianity. In his time, de Rhodes personally baptized thousands, organized the church in Tonkin and Annam, launched the "order of catechists," and successfully lobbied Rome to establish the local hierarchy. Also included is the complete text of de Rhodes "Catechismus" an eight day catechism for those seeking baptism, a remarkable example of inculturation of the Gospel and its universal message of salvation.KurzbeschreibungMission and Catechesis explores the life and work of Alexander de Rhodes (1593-1660) the Jesuit considered the founder of Vietnamese Christianity.
