Von Bassam Loucas : Momentary Lapse Of Reason: Memoires of a Lebanese (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Momentary Lapse Of Reason: Memoires of a Lebanese (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Tolle Autobiographie Von Anonym Unterhaltsam, einfhlsam, schmerzhaft und dennoch ansant geschrieben. Dem Autor ist es gelungen, das Spektrum der Gefhle in einem Buch abzudecken. Zunchst denkt man, dass es sich um eine typische Klischee Story handle -'Mchtegernrocker verffllt der Drogensucht'. Doch je mehr man hinter die Fassade des Autors blicken und sein Leben in allen Zgen nachempfinden kann, wird dem Leser schnell bewusst, dass hinter dieser

Autobiographie durchaus mehr steckt. Zugetragen im Libanon, werden in diesem Buch ebenfalls die kontroverse Lebensart sowie die korrupten Machenschaften aufgedeckt. Herr Loucas greift mit seiner Geschichte nicht nur ein Tabuthema im Orient auf, sondern wagt es auch auf zynische Art und Weise die dort herrschenden gesellschaftlichen Zwänge zu kritisieren.

Kurzbeschreibung"August 31st, 2008. I was alone, celebrating my twenty seventh birthday in my parents bedroom, high on a couple of Tramal sachets and a dozen Rivotril pills, looking at some old photos, photos of when I was a child, and thats when I initiated the most intriguing conversation, with myself, my miniature, barely two year-old self, in the picture I was holding, that led me, for the first time, to be truly convinced that I am sick, that I need to change if I want to continue living... A complex kid, an addicted man, a beautifully dreadful journeyI decided to write."Kurzbeschreibung"August 31st, 2008. I was alone, celebrating my twenty seventh birthday in my parents bedroom, high on a couple of Tramal sachets and a dozen Rivotril pills, looking at some old photos, photos of when I was a child, and thats when I initiated the most intriguing conversation, with myself, my miniature, barely two year-old self, in the picture I was holding, that led me, for the first time, to be truly convinced that I am sick, that I need to change if I want to continue living... A complex kid, an addicted man, a beautifully dreadful journeyI decided to write."ber den Autor und weitere MitwirkendeBassam J. Loucas Born August 31st, 1981 in Beirut - Lebanon Raised in a big family, Bassam grew up during the Lebanese civil war. Holder of a bachelor degree in Marketing Management and a Masters degree in Mangement, yet, Bassam's true passion was always music. Composer of classical, opera and film music, he is still unpublished. Psychology and Photography are Bassam's main interests, but he will continually be portrayed as the man who wants to know "everything". His actual book is the result of his struggle with painkillers addiction, and it describes the journey he underwent.
