Von Dan Kollmann : Moments in Life - a photographic illustrated book (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moments in Life - a photographic illustrated book (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Tolle Bilder, aber...Von Annette Und Oliver Pohl...man muss sich der Tatsache bewut sein, dass ein Kindle (s/w) nur bedingt fr eine Bilddarstellung geeignet ist.Fotos wirken doch eher in groer Darstellung - als EBOOK ist ein Bildband eher ungeeignet.

KurzbeschreibungWhether in the mountains or at the lake, spring, summer, autumn or winter - the photographs of this picture book will take you into the beautiful and exciting but also in the sensual, sad and melancholic moments of life.Forget for a short time the pressure of everyday life and watch with the artist the world through the eye of the camera!There are always two people in every picture: the photographer and the viewer. A photograph is usually looked at - seldom looked into. (Ansel Adams)The ArtistDan Kollmann was born in 1971 in Zerbst, Germany. The enthusiastic amateur photographer discovered his passion in the 80s, when he joined as a student a photo club.As with the entry into professional life the time was running out for his hobby and the extensive work in the darkroom. As the digital photography emerged, he discovered his old love for photography again.He has already published a number of photographs in newspapers and magazines. Similarly, every year since 2010, a calendar of his works is created.His pictures show the particular and special little things in life, which are otherwise easily overlooked. Therefore, he wants to hold on with his camera.KurzbeschreibungWhether in the mountains or at the lake, spring, summer, autumn or winter - the photographs of this picture book will take you into the beautiful and exciting but also in the sensual, sad and melancholic moments of life.Forget for a short time the pressure of everyday life and watch with the artist the world through the eye of the camera!There are always two people in every picture: the photographer and the viewer.
