**Von Bethany Roberts : Monster Manners** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Monster Manners:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Some monsters your kids can relate to Von K. Bennett Quick, name the most unmannerly group of characters on earth. No, besides a bunch preschoolers overdue for a nap. Monsters, right? According to Bethany Roberts, even monsters have manners sometimes. This book, written in verse, shows monsters at their worst and at their best. For example, "They might be very messy, / and leave things where they drop. / But they sometimes clean their rooms / and dust and scrub and mop." Every activity the monsters do is something kids can relate to, such as tearing up toys on bad manners days, and happily putting them away and repairing the broken ones on good manners days. Andrew Glass's monsters are warm and fuzzy. No need to worry about nightmares from this book. In fact, these monsters are an awful lot like little kids, who may sometimes forget their manners, but sometimes they don't.

**Kurzbeschreibung** In lilting rhymed text and colorful, lively pictures, three mischievous young monsters demonstrate good and bad manners in many situations, including playing, eating, reading, bathing, and cleaning house.
