in the education field should read this! Von natesfate@juno.com A diary account of the day by day occurrences in a Montessori classroom. What is truly fascinating is the way this teacher closely observes the children and know when (and when not) to help and give assistance. I highly recommend this book to anyone who is confused about how the Montessori classroom operates. It is very informative and gives you an insider's viewpoint on the Montessori method of education. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Only one word needed : Inspirational ! Von Ein Kunde Having taught for a number of years in a Montessori environment, this book was like a breath of fresh air. From the first page I was hooked, understanding all. The book gave my staff and I many wonderful ideas for our classrooms, and made us really focus in on the importance of the Montessori method again. The best book to give to new staff members, Directresses or assistants; parents. So inspirational at a time when we were in a rut. Thank-you Paula for writing such a valuable book.

Kurzbeschreibung What really happens inside a Montessori classroom? How do teachers teach? How do children learn? This fascinating day-by-day record of a year in the life of a Montessori classroom answers these questions by providing an illuminating glimpse of the Montessori method in action. **Pressestimmen** "A moving book, and a deeply honest one. Lillard brings a compassionate intelligence to her task. . . . This is the book of a strong, wise, and sensitive teacher. It is a joy." from the foreword by Jerome Bruner, author of *The Culture of Education* and Research Professor of Psychology, New York University "A clear account of how and why the method works. I hope as many parents and teachers as possible will read it." Mihaly Csikszentmihalyi, author of *Flow: The Psychology of Optimal Experience* "Every teacher wishing to take a practical and philosophical look at Montessori teaching should read this book." David Kahn, Executive Director, North American Montessori Teachers' Association (NAMTA) "Through this diary parents and teachers witness the joyous explosion that can occur in the preschool experience." **Publishers Weekly** **Kurzbeschreibung** What really happens inside a Montessori classroom? How do teachers teach? How do children learn? This fascinating day-by-day record of a year in the life of a Montessori classroom answers these questions by providing an illuminating glimpse of the Montessori method in action.
