Awesome book about an outstanding ManagerVon 7777Very good book about one of the Greatest Football manager in the whole world. Very easy, simple written, but still razor sharp with informations about a great personality.I love

this book, because;- it gives a detailed inside about who he is- what he did to become that good- how he thinks acts- and it isn't written by himself, what shows how good the author did his job with the book.I give it 6 STARS!! And after that book i had even more respect for Jose than before. @ Patrick Barclay very good Book! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Horrible and deflatory Von Kunde Made a mistake by buying this book. This book does nothing but throw mud at a person...adds no new insight...does not provide any background to Mourinho's working style, his strategy or his approach to the games...plain horrible tabloid fodder..
