Von langewi@c2i2.com This book was a starting reminder that the "People's Republic of China" is still COMMUNIST China. Having read many times over that His Holiness was forced to flee his homeland, I didn't fully appreciate what he, and his people went through in the years prior to his exile. There is no room for doubt, after reading this book, that COMMUNIST China is engaged in genocide of the Tibetan people. Chairman Mao offered his indictment to the Dalai Lama that "religion is poison." This book offers much insight into the fact that the whole existence of Tibet was intertwined with its religious practices and beliefs. These are not a people who want to be "liberated" from a non-existent feudal rule! After reading this, I hope you will agree that Tibet truly does need liberation, from COMMUNIST CHINA. I am truly in awe of the 14th Dalai Lama, who is able to still call for non-violence and negotiation with those who have wreaked havoc and destruction on both his people and his country, and forced him into exile. I am left wondering what will happen to the future of Tibet, and Tibetan Buddhism, when this Dalai Lama passes on. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Great Book Von Ein Kunde H.H. the Dalai Lama, as he is known to we Tibetans, is an amazing personality. I have read this book in Tibetan when I was about 16 years old. His sincerity will touch you, his generosity will move you and his compassion will transform you into a better human being. I live in Taiwan now. One of my Taiwanese journalist friends went on to interview him. She had prepared a lot of questions for His Holiness. She later told me that when she met him in person, she forgot all her questions and just felt like asking him one question: "What is the purpose of life and why we are here on this earth?" Such is the power of his presence and the charm of his compassion. The book is one of his earliest works. A must read for anyone willing to be a better human being. 0 von 0 Kunden fanden die folgende Rezension hilfreich. An amazing story, whose ending has not yet been written.
