**Von R. E. Batchelor, C. J. Pountain :** *Using Spanish: A Guide to Contemporary Usage* before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Using Spanish: A Guide to Contemporary Usage*:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Arun Khopkar Von Arun Khopkar As a middle level student of Spanish and an English speaking person I found the book very useful. The arrangement is novel and different from usual grammar books. But as you keep on using it, you find the method behind this madness and it enables you to adjust your sights to the design of the book. Once you do that, it is a book that you feel like returning to, de vez en cuando. Arun Khopkar 0 von 0 Kunden fanden die folgende

Rezension hilfreich. When you want to go beyond what you learn in school Von Ein Kunde I really like this book because it explains subtle differences in Spanish words and expressions that other grammars treat as synonyms. It's loaded with expressions that Spanish speakers really use, rather than stilted examples. I credit this book for the praise I've been receiving lately on how much my Spanish has improved.

Kurzbeschreibung This 2005 book is a guide to Spanish usage for those who have already acquired the basics of the language and wish to extend their knowledge. Unlike conventional grammars, it focuses on those areas of vocabulary and grammar which cause most difficulty to English speakers. It fully illustrates the differences between the Spanish of Spain and Latin America, and looks in detail at register variation. Complete with a full word index, this clear and easy-to-consult text guides students through the richness and diversity of this major world language. This new edition has been extensively revised and updated to take a fuller account of Latin-American (particularly Mexican) usage. The vocabulary sections have been significantly expanded, and now include examples which contextualize each word or expression. The presentation of many sections has been improved to make reference even easier than before, and some completely new material has been added on semi-technical vocabulary and Anglicisms. Pressestimmen 'a splendid addition to the reference shelf of any teacher or advanced student of Spanish Using Spanish is so helpful, so clear - so interesting - that it is set to become a classic reference work for all English speaking students of the language.' Association for Language Learning ber das Produkt Using Spanish is a 2005 guide to Spanish usage for those who have already acquired the basics of the language and wish to extend their knowledge. Complete with a full word index, this significantly expanded new edition guides students through the richness and diversity of this major world language.
