THE complete guide to Spanish synonyms for English-speakersVon Ein KundeWhy do you need to know synonyms in Spanish? "Owing to this is the thing does thy Spanish dive slippery besides relaxed, id est within the limit." (Trans: Because this is what makes your Spanish sound fluent and easy, not to mention comprehensible) This is the only comprehensive guide to Spanish synonyms that exists specifically for English-speakers. It covers nouns, verbs and adjectives; each one is listed indicating its register(formal, informal, colloquial, vulgar) and is used in sample sentences to illustrate its context. In 720 pages, the reader will find each grouping of synonyms under a generic

headword (for example; chicken, goat, cow, horse, and sheep could be found under "barnyard animals"). Distinctions are also made among words which are either restricted to particular geographical areas (Argentina, Mexico and Spain), or are understood differently in these regions. Save yourself the embarrassment of using words out of context and buy this book!
