Gilles Villeneuve - eBook releasedVon Johannes EssinkWhat a bummer!!!This is the ultimate old-school racing stuff, brilliantly transfered from the canadian shooter Allan De La Plante into new generation eBook format... Although I have the hardbound paperback book already a couple of years, this new released eBook with all the added YouTube links is always in the pocket on my HTC mobile and saved on PC as well as on the Laptop... So glad as a witness of this special aera in motorsport and the Ferrari years from daredevil Gilles Villeneuve, that the nowadays technology allows to spread the Villeneuve spirit now to generations beyond us and further for the raceworld eternity...
