Kurzbeschreibung Julia, a girl from a noble family, is kidnapped by the Visigoths, who have attacked the Roman Empire, and is turned into a slave. Between the customs of the savage tribe and heavy labor she is not used to, she is on the verge of despair. Her master, Wulfric, the King of Wolves, speaks to her with arrogance until she turns into a totally different girl from who she initially was. A wild kiss stolen in the bath lights up the flame of love in her heart for the first time in her life. All she thinks about are his shining green eyes and his robust body. He is an enemy, and she is just a slave
