Von Robert P. Beebe, Denis Umstot : Voyaging Under Power, 4th Edition (International Marine-RMP) before purchasing it in order to gage whether or not it would be worth my time, and all praised Voyaging Under Power, 4th Edition (International Marine-RMP):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Guter Motivator fr Lange BootsreisenVon GJEs werden alle Themen im Zusammenhang mit langen Reisen mit dem Motorboot angeschnitten.Leider bleibt vieles aufgrund der Fille der Themen ein wenig oberflchlich.Der technische Teil, der sich auf das Design von Booten bezieht leidet darunter, dass alles im amerikanischen Einheitensystem dargestellt ist und was schlimmer ist, Kennzahlen die die Boote charakterisieren nicht dimensionslos sind.Dennoch gibt das Buch einen guten berblick, was alles im Zusammenhang mit der Auswahl und Nutzung eines Motorboots fr Ozeanreisen bedacht werden sollte.0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr spezifisches Buch - aber fr die Zielgruppe wertvollVon Andreas PradelWer als Kapitn Richtung NORDHAVN oder FLEMING denkt,

erhlt hier Einblicke in die Geschichte der Langdistanz-Motoryachten. Viele ntzliche Tipps, viele Informationen. Macht Lust auf "Leinen los"!0 von 0 Kunden fanden die folgende Rezension hilfreich. voyaging under powerVon rainer stadtsehr gutes buch mit super info,ideal zum vorbereiten auf grossen trip,buch sollte in keener schiffsbibliothek fehlen,und kann immer wieder gelesen werden

KurzbeschreibungThe passagemaking bible updated to help you live your long-distance voyaging dreams First published in 1975, Robert Beebe's *Voyaging Under Power* revolutionized long-distance cruising, encouraging powerboaters to enjoy what was once exclusive to sailboats and their crews: crossing oceans to exotic, interesting, and beautiful places in comfort with a minimum of problems and expense. Now power-cruising couple Denis and Mary Umstot, whose interest in power voyaging was ignited by Beebe's work, have updated *Voyaging Under Power* for the twenty-first century. The much anticipated *Voyaging Under Power*, Fourth Edition, includes Beebe's original wisdom and philosophy of passagemaking, as well as his groundbreaking thoughts on vessel stability and fuel monitoring. Fourteen new chapters provide insights into a range of additional topics vital for ocean passages and passagemakers, including: Seaworthiness, stability, and other design concepts Options for stabilizing passagemakers including paravanes, active and passive fins, and antiroll tanks Selecting and understanding the critical systems for long-distance voyaging A decision process for choosing a new boat or analyzing the suitability of a used boat An examination of passagemaking models from Nordhavn, Kadey-Krogen, Seahorse, and Dashew, as well as the designs of Stephen Seaton, Michael Kasten, George Buehler, Dave Gerr, and others Highlights of successful and proven passagemakers of the past, including examples from eleven builders and designers First-hand accounts from passagemakers around the globe, including the Mediterranean, Black Sea, South America, South Pacific, Madagascar, and beyond Tips on understanding and predicting weather and waves and what to do in a storm Understanding offshore safety issues, including how to avoid trouble and cross oceans in comfort Choosing and training crew as well as communication tips for a better cruising experience Preparing for and resolving maintenance problems at sea and in distant anchorages "The list of contributors shows the quality of experience in the pages of this fourth edition. Anyone wanting to join, or at least understand the elements of, the long-distance passagemaking lifestyle will find a great deal of knowledge that is realistic, useful, and timely. You'll keep *Voyaging Under Power* on your pilothouse bookshelf (or its electronic equivalent) for years to come." -- Bill Parlatore, Founder of PassageMaker Magazine "Captain Beebe applied Navy experience, technical creativity, and an open mind to his self-appointed task of inventing the long-range power cruiser. He embraced ideas that others discarded as readily as he rejected solutions others found indispensable. His path, like all innovators, was the uncommon one and his selfless sharing in *Voyaging Under Power* literally launched a thousand ships. This Fourth Edition of Beebe's classic draws on new ideas and the accumulated wisdom of today's yacht designers and experienced ocean voyagers to further Beebe's cause and liberate thousands more from the tyranny of dry land." -- Michael Jones, Ocean Traveler, Ship Design Collaborator, and Proud Parent of Google Earth

den Autor und weitere Mitwirkende
Denis Umstot and his cruising partner, Mary, have crossed the Atlantic twice and circumnavigated the Mediterranean Sea and Black Sea. They have made three trips to Alaska and have cruised both the eastern and western Caribbean. They have travelled more than 55,000 nautical miles on their passagemaker, Teka III. Mary has written 13 articles for PassageMaker Magazine and a book, *Voyaging to the Mediterranean Under Power*.
