KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Beautifully written and illustrated book about life. Von Ein KundeA special relationship exists between granddaughter and grandfather and the Orca whales are right in the middle. Read this beautiful book with gorgeous illustrations to young and old. I can't read it to my elementary school children without shedding a tear! One of my very very favorite!

KurzbeschreibungIn this timeless story set on the West Coast, an old man lives alone on a bluff overlooking the sea and tends his garden. And waits. Only when the whales return each year to the bay in front of his cottage is his loneliness eased. One day, his daughter and her baby return home to live with the old man, bringing a renewed sense of purpose to his life. As his granddaughter grows, the old man passes on a wealth of knowledge and wisdom as well as his passion for the whales. And each year they wait together for the whales to appear. A gentle story that illuminates the unique friendship between grandparent and child, Waiting for the Whales also suggests that aging and death are

only part of a greater cycle of rebirth and continuity. Kurzbeschreibung In this timeless story set on the West Coast, an old man lives alone on a bluff overlooking the sea and tends his garden.
