Von Henry David Thoreau : Walden (Illustrated) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Walden (Illustrated) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolut lesenswertVon TrimanInteressant, wie Demokratie aussehen knnte... Es ist schon auergewhnlich, wenn man bedenkt, wie etwas, das etwa 150 Jahre alt ist, heute noch Gltigkeit hat.0 von 0 Kunden fanden die folgende Rezension hilfreich. Walden ber alles :-)Von sywotDas Buch ist ein Standardwerk und sollte von allen gelesen werden. Nicht nur dem Naturfreak oder dem alternativ Denkenden, sonder einfach allen!0 von 0 Kunden fanden die folgende Rezension

hilfreich. Thoreau just keeps on getting better Von Joshi, Shrikul One of the most thought provoking works of Thoreau. Although, it is quite short in length as compared to Walden nevertheless it was equally amazing. A brilliant read for anyone willing to question modern day definition of patriotism and nationalism.

Kurzbeschreibung- Beautifully illustrated with atmospheric paintings by renowned artists, Walden is the fascinating description of the two and a half years that Thoreau spent living in an isolated hut as part of his journey of spiritual discovery and self-reliance. His project was inspired by his passion for transcendentalist philosophy.- Just as accessible and enjoyable for today's modern readers as it would have been when first published well over a century ago, the book is one of the great works of American literature and continues to be widely read and studied throughout the world.- This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text. From Library Journal This edition of Thoreau's classic contains an introduction and annotations by Bill McKibben, who asserts that "at the close of the 20th century, it is most crucial to read Walden as a practical environmentalist's volume, and to search for his heirs among those trying to change our relation to the planet." Even if you don't buy his argument, you still get a dandy little hardcover for \$15. Copyright 1997 Reed Business Information, Inc. From School Library Journal Grade 9 Up--Henry David Thoreau's classic, first published in 1854 and reporting on his experiences at the eponymous site where he lived in physical and social independence during the mid-1840's, receives refreshing treatment here. William Hope reads leisurely but with feeling, offering listeners the illusion that the author is speaking directly to them. The abridgements are not substantive, so listeners will feel that they have become acquainted with the complexities of a text that is both orderly and sprinkled with irony and other literary devices. The chapters are tastefully set off by musical interludes that complement Thoreau's own rhythms. Not only is this an excellent alternative for students assigned to read the text that is often offered in tiny print without benefit of margins, but it is also possible to suggest this to thoughtful teens who are seeking an intellectually engaging listening experience for their personal enjoyment. Hope's pacing invites readers with minimal skills to accompany their print foray with his narration. The careful editing here assures that they will not become lost between page and sound.
