KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good BookVon Colorful GirlI really like this book. There is a great variety of things to be painted and the work is stunning watercolor realism but done with a painterly touch.Lots of instruction and step-by-step if that is what you are looking for in a book. I bought this because I like Grant Fullers style and it is filledwith lots of his work. The only drawback to the book is the book cover itself....toooooo flimsy..wont stand up on its own and the spiral bound spiral is hard to manipulate and the pages get all jammed up and eventually will tear out if I am not careful to turn every single page. The content of the book is good and I would recommend it to anyone interested in realistic watercolor.
