ber den Autor und weitere Mitwirkende You will not find our "real names" as we have chosen to pen our books as Human Angels, a collective identity that heartily welcomes, embraces and transcends our individuality and belongs to all those who have chosen to live with Unconditional Love in the Oneness. We have chosen to write our books driven by the wish to share our healing journey, a trip through the illusions of the ego to our rebirth in the Oneness. We have transmuted our experiences into Awareness and Love with the help of powerful, channeled energies that have, increasingly, guided and enlightened the path of our journey.
