Cuts through the pomp and psychobabble for great sexual lifeVon Ein KundeIndividual chapters address the crisis of faith in "dry times". Even covers the expected phases of boredom (I don't get anything out of church) delusionment(just a bunch of hypocrites) and rejection of the faith (where is this God that doesn't know I exist that allows so much suffering into the world) that so many young of all ages feel when a maturing soul is ready to take the next step in the growth of faith. The love and life of Christ and those in his church shine in all this process as the way to perfection and abstinence is formed. This pope is a pope of love that encourages all souls to find that highly sacramental love that is so easily lost when it becomes a means to subjugate our spouses instead of unifying them with us and God. This book should be on every jr.high and high schooler's reading list. It should be read twice by anyone who is about to enter into any serious dating relationship. Follow the rules in this arena, and the prize of a deep, loving, and, yes, sexually satisfying relationship that fills this life and brings you into the perfection that is the next can and will be yours.0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read for everyone.Von Ein KundeI found "We're on a Mission From God" great. It was easy to read and had the usual Bonacci humor in it. It is a great read for those wishing to know their faith better(like me) and also for those who want to know what the Catholic Church says on issues like contraception, abortion and other controversial subjects. If you enjoyed this book and would like to read another by Mary Beth Bonacci, I would heartily endorse "Real Love" which is a Catholic view on Sex and Marriage. Fabulous reading-I've read it twice and hope to read it again!0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent aid for young people to understand Catholic faithVon nullamor@indigo.ieThis book is widely used by young people attending our Youth Centre, and they find it very helpful to get some reassurance on critical questions of Catholic doctrine. Leaders in the Centre also use it a lot to prepare their own talks and conferences.Its adherence to our faith is remarkable, and the tone and expression used is properly pitched for young people.Congratulations Mary Beth!

KurzbeschreibungThe generation of Catholics who have come of age since Vatican II is different in many respects from Catholics of their parents' generation. These younger Catholics have grown up in a world - and a Church - which has changed tremendously in a very short period of time. They were raised in a society which encouraged them to question what their parents accepted on faith. They were formed by a system of religious education which was in many ways struggling to keep up with rapid social change. John Paul II is a pope for these times. He recognizes that today's young people have many questions. He sees emerging in them a deep and sincere faith struggling for definition and for support. In response, he has designated a special, bi-annual event - World Youth Day, where he comes to youth to bring the truth and the love of the Roman Catholic Church. In this book, Mary Beth Bonacci joins with John Paul II in bringing young Catholics a clearer understanding of the Church and their role in it. She takes his quotes from the five World Youth Day events and "unpacks" them, explaining the truths of the faith clearly and concisely. This book is perfect for the Catholics of "Generation X" - and for Catholic "youth" of any age who wish to understand and to deepen their faith.KurzbeschreibungThe generation of Catholics who have come of age since Vatican II is different in many respects from Catholics of their parents' generation.
