Caring, sensitive, and encouraging...Von Ein KundeI decided to read this book before giving it to my parents. My mother is presently facing breast cancer and both Mom and Dad are having some problems dealing with this new twist in their lives. After reading "When God Doesn't Make Sense" for myself, I think it is just the book to give them.Sometimes,

even the oldest Christian asks what Dobson refers to as "the awesome why." We don't understand our painful circumstances. "Where is God?," we think. He may seem far away. "When God Doesn't Make Sense" offers hope to those who are hurting. Dobson is sensitive, caring, and encouraging. God has not abandoned you. He is still ever-near. I strongly recommend this book for anyone who finds themselves in the midst of a storm and really for everyone. For one day, if not today, we will find ourselves in one. This book will ease the suffering of the hurt and prepare others for trials of life. I urge you to get a copy for yourself and maybe one for someone else you know. God makes sense, even when He doesn't make sense! 0 von 0 Kunden fanden die folgende Rezension hilfreich. A great resource for anyone struggling with God life. Von Ein Kunde Although I'm not a huge Dobson fan, I think that he really accomplishes a lot with this book. It is very readable and is extremely helpful in getting one to realize that although God doesn't "make sense" all of the time, we are still able to trust him and rely on him as a totally loving caring God. One significant point that Dobson makes is that it is unrealistic for us to expect God to answer all of our prayers and make life easy for us. If God answered all Christian's prayers immediately, we Christians would never die, get sick, lose jobs, have cars break down, etc.! Everybody would want to become a Christian just for the benefits! God isn't a sugar daddy who caters to our desires - he is a sovereign God who ALLOWS things to happen to us, usually for our own development growth 0 von 0 Kunden fanden die folgende Rezension hilfreich. This is one of the most heart warming book that I have read. Von Ein Kunde This book is well written and to the point. It sends a strong message of God's love for his people even if and when they are not aware of his love and care. One becomes acutely aware of the complexities of God's thoughts to the point that one has little knowledge and understanding of God's overall plan and how it fits into one everyday life. This book makes one painfully aware that God is in charge of this universe and is not, in any fashion, answerable to man as to the whens and whys of his actions. Upon reading this book one will be attuned to the fact that His choices and actions are for the good of man whether his actions and choices are understood or not. If one wants to know more about the personality of God, read this book. Caution: it could change your life.
