recommend it to any woman I know who's struggling with any midlife crisis issue. Both intelligent and comforting, the book has no equal in this type of literature. While it never trivializes the subject of feeling lost or suddenly uprooted "in the middle of life's path", Kidd's book is amazingly down to earth and honest. It speaks to the heart. I loved the book so much, I keep checking back to see if the author has written more. Would love to see more of her work!

Anyone who is beginning to awaken to the passage of time, in particular, one's own life, will find a kindred spirit among the pages of this book. It's a wonderful companion for quiet musings, meditation or prayer. Sue Monk Kidd's sensitive detail and vivid recounting of her own dilemma's make this book a must read for any woman encountering the huge questions of life. Why am I here? What is my purpose? Who am I after all the hats are off?

Von Ein Kunde  
Sue Monk Kidd's book has been a confirmation to my own mid-life spiritual struggles. The past few years have been spent trying to determine what "church" means and how it differed from my own spiritual pilgrimage. This book affirmed in many ways my own experiences

Blending her own experiences with an intimate grasp of spirituality, Sue Monk Kidd relates the passionate and moving tale of her spiritual crisis, when life seemed to have lost meaning and her longing for a hasty escape from the pain yielded to a discipline of "active waiting." Pressestimmen  
A joy to read. Honest and healing. (Alan Jones, dean of Grace Cathedral, San Francisco, and author of Soul Making)  
As I read her book, Kidd became a companion. I love having her walk with me on my journey. (Eugene Peterson, author of The Message)
