Von Howard Frank Mosher : Where the Rivers Flow North (Hardscrabble BooksFiction of New England)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Where the Rivers Flow North (Hardscrabble BooksFiction of New England):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A must

for all lovers of "Up North" Literature Von Ein Kunde Outstanding. Suggested to me by a Vermont lover, it's my first Mosher book, and I cannot wait to delve into his others. This book begins with six short stories, and then the "novella" that is the title of the book. A joy to read - I hated to see it end. Colorful characters living in the Vermont of old. I wonderful addition to my collection of "Up North" books that are meant to be read while sitting by a wood stove in a northern cabin on a snowy day! 1 von 1 Kunden fanden die folgende Rezension hilfreich. A wonderful journey to the North Country! Von Ein Kunde I read this every November, when the days start to get short and the first snow flies. This collection portrays a lost and disappearing Vermont, a way of life on the verge of extinction.

Pressestimmen USA Today "Boston Herald" Los Angeles Times "Boston Globe" Mosher writes stories, almost folk tales at times, built out of lost and forgotten history, rooted in a strong sense of place, inhabited with colorful characters. His terrain may be specific, but his themes are universal. USA Today "Mosher is a remarkably good observer of nature as well as a born storyteller. Boston Herald" Mosher has a fine knack for evoking natural beauty an otter sliding off an icy log, a loon whooping over a dark lake and he has a convincing sense of adventure. Los Angeles Times "With each book, Mosher fleshes out more of his literary turf, a frontier brimming with men and women who follow their own rules. Boston Globe" -Mosher writes stories, almost folk tales at times, built out of lost and forgotten history, rooted in a strong sense of place, inhabited with colorful characters. His terrain may be specific, but his themes are universal. --- USA Today -Mosher is a remarkably good observer of nature as well as a born storyteller. --- Boston Herald -Mosher has a fine knack for evoking natural beauty--an otter sliding off an icy log, a loon whooping over a dark lake--and he has a convincing sense of adventure. --- Los Angeles Times -With each book, Mosher fleshes out more of his literary turf, a frontier brimming with men and women who follow their own rules. --- Boston Globe "Mosher writes stories, almost folk tales at times, built out of lost and forgotten history, rooted in a strong sense of place, inhabited with colorful characters. That novella, the title story of the collection, was also made into a feature film starring Rip Torn and Michael J. Fox. These six stories, available again in this new edition, continue Mosher's career-long exploration of Kingdom County, Vermont. "Within the borders of his fictional kingdom," the Providence Journal has noted, "Mosher has created mountains and rivers, timber forests and crossroads villages, history and language. And he has peopled the landscape with some of the truest, most memorable characters in contemporary literature."
