Kurzbeschreibung Sheikh Ahmed Deedat, has done a fine job in questioning some of these claim, with intelligent fervor. His aim, our aim is not to offend but rather to make you question the things that you know and feel within your very soul, are questionable. Much of it, you have a hard time wrapping your mind around, because it sounds like it was crafted by Hollywood, rather than the so called followers of Jesus. Whether we be Muslim, Christian, or Jew, we are brothers in faith and we as Muslims have an obligation to free you from incorrect and misleading dogma, which has enslaved many a mind. There is one thing that I know, without fabrication, and that is, this book is sure to make you think!
