A damning critique of some media darlingsVon Wayne SymesAt the beginning of the 1990's a media bandwagon around `new' outlooks on the life of Jesus was in full swing. In particular the works of Bishop John Spong (USA), A.N Wilson (UK) and Barbara Thiering (Australia) were given popular acclaim. Wright (a well credentialled New Testament

scholar) takes each of these `writers' and shows how flawed their accounts are. He is strong, concise and rightly critical of poor scholarship. While the times that occasioned the book may have passed, the issues remain and Wright's discussion of what we can say about Jesus is very helpful.

Kurzbeschreibung Did the historical person Jesus really regard himself as the Son of God? What did Jesus actually stand for? And what are we to make of the early Christian conviction that Jesus physically rose from the dead? In this book N. T. Wright considers these and many other questions raised by three controversial books about Jesus: Barbara Thiering's *Jesus the Man*, A. N. Wilson's *Jesus: A Life*, and John Shelby Spong's *Born of a Woman*. While Wright agrees with those authors that the real, historical Jesus has many surprises in store for institutional Christianity, he also presents solid reasons for discounting their arguments, claiming that they "fail to reach anything like the right answer" as to who Jesus really was. Written from the standpoint of professional biblical scholarship yet assuming no prior knowledge of the subject, Wright's *Who Was Jesus?* shows convincingly that much can be gained from a rigorous historical assessment of what the Gospels say about Jesus. This is a book to engage skeptics and believers alike.
