Von Norma Simon : Why Am I Different? (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Why Am I Different? (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Our "differences" make us all unique and special! Von Ein KundeA gently written and beautifully illustrated book on what makes us all different and uniquely ourselves. Pre-schoolers as well as elementary age children will want to read this one over and over again. (I raised my two sons with this book and it continued to be one of their favorites). Dora Leder's pencil illustrations are almost "photo" perfect and capture the snapshots of activities and differences that author, Norma Simon so quietly describes. "Why Am I Different" (no matter how many times I read it with my children) always invoked dialogue and opportunities for discussions on understanding the many differences that make people so unique. This is a gem of a book and I am delighted to see it is still so ready available.

KurzbeschreibungPortrays everyday situations in which children see themselves as different in family life,

preferences, and aptitudes, and yet, feel that being different is all right.
