A must have for all Will lovers!Von Ein KundeI received this book for my birthday, and I first thought, "Oh great, another boring Prince William book." But as soon as I opened it, I couldn't put it down! Not only does it have a bunch of "never-before-seen" photos, but this book offers a unique, inside perspective on William that I have never read before. And the best part is, is not all pictures! (I am a fan of books with actual text). So, I highly recommend this book to anyone who wants to READ about Prince William, and not just gaze at adorable pictures (which the book also includes). But I have to warn you, chapter 5 is a tear-jerker!0 von 0 Kunden fanden die folgende Rezension hilfreich.
