KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a very realistic book written from the heart.Von Ein KundeIf you want an overview of the racial situation in America

and the history leading up to where we are now, then this book is a must! Schuler describes personal experiences that are common to minorities and especially African Americans growing up in America. It also very clearly gives guidelines that anyone can follow to assist in promoting racial harmony in this country, by both African Americans and Caucasians. It is a very objective view of the racial climate in our churches today. As a pastor I can see that there is much work that needs to be done by Christians to solve this problem by beginning in the churches.

KurzbeschreibungIt's been said that the most segregated time of the week is Sunday morning. The church experiences the same racial tensions as the rest of society and this certainly does not bring glory to God. In *Winning the Race to Unity*, Clarence Schuler directly confronts this racial divide and challenges the church to face these problems and tackle them head on. Come along on this necessary journey and prepare to grow and be changed.
