An inspirational and educating children book about positive attitudeVon Helpful AdviceWise Mr. Mouse, written by Nnenna Onumah and illustrated by Satya Prakash, is authors debut work for children that brings a story in which

young readers and their parents will equally enjoy. Though the theme of book is original, for some parts it reminded me of one Aesop's fable although for the needs of modern generation of children was somewhat modernized. Onumah manages to deliver an interesting read for children with good lesson to be learned while emphasizing importance of nature in our lives, the author speaks about the importance of a positive attitude, even in case of major problems in our lives. The main character of story is a wise and hardworking Mr. Mouse who lives on the mountain top. And when the nearby town named Forestville will be hit by a flood, the town residents will be lost, having no one that can help them. Uncertain, scared and sad they will come to the Mr. Mouse and our wise main character, instead of despair, will show them that in every tragedy there is something that can be taken as good - there is always a way to get out of trouble if we think positive. Though Nnenna Onumah was completely unknown as author for me, it was nice to see how this author managed to make an inspirational and educating children book using the simple motives. Therefore Wise Mr. Mouse can be recommended for reading together with kids afterwards discussing with children the subject and described events found within. Besides the wise text, Satya Prakash's artwork succeeds to nicely complement the author's story with digital illustrations full of details and bright colors, making Wise Mr. Mouse one well-done children book that will be enjoyed by young readers and their parents. I was given a copy of this book by the author for the purpose of unbiased review, while all the presented information is based on my impressions.
