This was the perfect beach read but also much more than this.I laughed, I cringed, I shed some tears, I swooned. The Italian setting is perfect and the characters leap from the page right into

your heart. I didn't want to put it down, I didn't want it to end.

Kurzbeschreibung Enjoy Wish You Were Italian and the other standalone titles in Bloomsbury's contemporary If Only romance line centered around an impossible problem: you always want what you can't have! The summer before senior year of high school. It's supposed to be one of the biggest summers of her life, but Pippa is headed to an art program she has no interest in. The one saving grace is it's in Italy. And when the opportunity strikes, she decides to ditch the program and travel Italy accomplishing her own list of goals. Things like swimming in the Mediterranean Sea, eating a whole pizza in one sitting and falling in love with an Italian boy! As she explores the famous cities of Rome and Pompeii, Pippa finds herself falling for two boys: a local guy she knows is nothing but trouble and a cute American archaeology student who keeps disappearing and reappearing at the strangest moments. Will Pippa find her true love before her parents find out the truth about her summer program?
