Von Ron Marz : Witchblade Vol. 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Witchblade Vol. 3:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. great content - flawed package - great customer serviceVon Oliver WolterIt fell "literally" apart after the first reading.Well, I find it always to be regrettable, if a book with great content and impeccable art comes in such a poor binding. Somehow I feel I don't do it justice when I only rate it 2 stars. On the other hand there is the fact that you can't seperate

the presentation from the content. And this halfass binding is just a waste of money. Such a shame - but a well know fact that the TopCow binding is not up to scratch. TopCow blames bad glue in first issues. But somehow it's hard to extent them the trust, when they put out poor quality in the first place. Go get the HC Compendium instead, which is supposedle a high quality binding. _____ While all of the above was true at time, now that I contacted TopCow USA I got new information which shines a different light on them. Now I fell I can buy with confidence again. But the immediate answer form TopCow Staff explains it better than I could. This is how customer service is upheld in the US - Europeans could take a leaf out of that book. So here it goes: "Witchblade Vol.1 (as well as Witchblade Vol.2, Witchblade Vol. 3 and Witchblade Origins Vol. 1) were all printed at the same time at one of our offshore printers. Unfortunately, all of the books in this massive printing of our flagship title suffered from a batch of weak binding glue. Given the tight schedule the most comic book companies operate within, we were unable to realize the extent at which all of these books were defective until we received copies in office (which is only one week prior to the books being released in stores). We have corrected this error from a publishing standpoint for subsequent volumes and even reprinted some of these books with thread binding to prevent pages from falling out whether or not the glue holds. But this does not solve the problem that many of our loyal retailers purchased defective copies outright and that many of these comics are still in stores and being sold to customers. We understand that this a major problem and we have been attempting to distribute the corrected copies more readily. Again, we apologize for this inconvenience and we are happy to replace your copy of Witchblade Vol. ...(deleted) free of charge. If you reply with your mailing address, we will send a new copy to you immediately." This is how you can get me to render a 2-Star package a 5-Star deal.

Kurzbeschreibung Collects WITCHBLADE #93-100 and Witchblade: Bearers of the Blade Special! Top Cow's rebranding of the WITCHBLADE trade paperback line continues in this volume, the culmination of the initial storyline by Ron Marz (FIRST BORN, SAMURAI: HEAVEN EARTH) and Wizard Top Ten artist Mike Choi (X-MEN, X-23: TARGET X).
