Von Alan Natali : Woody's Boys (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Woody's Boys (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent read for Ohio State fans.Von Alexander C. MeskeThis book is a series of narratives on the subject of one Coach Woody Hayes. These narratives are culled from interviews with famous names from Ohio State's football program, mostly those of some of the great players to have donned the scarlet and gray. This collection of anecdotal accounts is assembled in chronological order of the time of the person's appearance at Ohio State, so it was easy to see through the different eyes that viewed the coach as time went on.The writing itself has a conversational tone, making

for a smooth, quick read. Each person's story has its own distinctive voice, giving the reader the impression of listening to each of these people go around in a circle and tell their particular part of the tale. Some loved him, some hated him, but all had their opinion about the coach that went so far in defining Ohio State football. Since I am an Ohio State fan, a college football fan and someone fascinated by the history of both, I found this to be a fantastic read. Anybody who shares at least one of those interests and wants to read a very honest account of Woody Hayes would be well advised to pick up this book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent book, awesome artwork! Von Ein Kunde Woody's boys is an excellent read with a lot of behind the scenes stories that define Woody Hayes from the players perspective. The artwork is awesome! 0 von 0 Kunden fanden die folgende Rezension hilfreich. AWESOME BOOK! Von Ein Kunde This book is GREAT! The artwork is FANTASTIC! A must have if you are a buckeye fan!

Kurzbeschreibung When Alan Natali-ex-athlete, professor, writer-set out to record conversations with some of the greatest players in Ohio State University's storied football history, he didn't anticipate that the liveliest, most quotable, and most dominant Buckeye would be a man who had been dead for nearly a decade-OSU's legendary coach Wayne Woodrow Hayes. What began as a book of interviews ended as a striking, insider's picture of bigtime college football. Woody's Boys, artfully shaped, is a collection of first person stories, as though the fan could meet Archie Griffin or Rex Kern at a neighborhood bar, and just talk. It spans the entire Hayes era, and it includes Hayes making quarterback Tom Matte return from the east coast to finish his college degree, and it continues through the Gator Bowl incident-told from a dozen different perspectives-that led to Hayes' retirement. The voices of these men-Jim Parker, Champ Henson, Tom Cousineau, Cornelius Greene, Archie Griffin, Rex Kern, Ken Kuhn, to name a few-reflecting upon their years around a central and all-consuming event-OSU football-become across time powerful echoes of great deeds, valor, dedication, and loyalty-echoes of greatness. Illustrated by artist Greg Storer who played tight end for Woody Hayes on the Rose Bowl team of 1976, the Orange Bowl team of 1977, and the Sugar Bowl team of 1978.
