**Von Patti Smith : Woolgathering** before purchasing it in order to gage whether or not it would be worth my time, and all praised Woolgathering:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A mysterious and charming little bookVon MoxieBeeIt fits in the palm of your hand and unfolds mysterious narrative lyric threads interspersed with black white photos, some taken by the author's sister. A must for the die-hard-dyed-in-the wool Patti fan.0 von 0 Kunden fanden die folgende Rezension hilfreich. Disappointing compared to "Just Kids"Von AstridI read this after "Just Kids" (which I loved), but wasn't too taken.It's just a short collections of thought

fragments and memories, well phrased but not particularly interesting. Looking forward to her next real book though!  
0 Kunden fanden die folgende Rezension hilfreich. woolgathering patti smith Von marie.ebeautiful content and language. reminds me. but very disappointed of Bloomsbury's E-Version. Where have all the pictures gone? You spoke of more. Now there are none. nada. Schade.

**Kurzbeschreibung**In this small, luminous memoir, the National Book Award-winner Patti Smith revisits the most sacred experiences of her early years, with truths so vivid they border on the surreal. The author entwines her childhood self - and its 'clear, unspeakable joy' - with memories both real and envisioned from her twenties on New York's MacDougal Street, the street of cafs. Woolgathering was completed in Michigan, on Patti Smith's 45th birthday and originally published in a slim volume from Raymond Foye's Hanuman Books. Twenty years later, Bloomsbury is proud to present it in a much augmented edition, featuring writing that was omitted from the book's first printing, along with new photographs and illustrations.  
**Pressestimmen**A poet of distinction New York Times Smith pares down her prose to a state of vivid impressionism, so enigmatic that even ordinary acts - preparing mint tea, nodding off while sewing - take on spiritual weight ... The passages evoking her childhood do reverberate with serene joy ... Writing was not Smith's first choice ... But any fans of her music will not be surprised by her mastery of it here
