words, but it also teaches you how to consider the motivation behind words directed at you from other people. When you learn how and why people use words to manipulate your feelings, you can alter your reaction to protect yourself from hurt.0 von 0 Kunden fanden die folgende Rezension hilfreich. helped me so muchVon Cookie-fanThis book is so good. I bought it, because I had been told by a friend of mine I'd been hurting her with my words. After reading this book, I have thought more about my words lately. It really helped me being a healer and not a hurter. This book is for every woman. We all have those problems.0 von 0 Kunden fanden die folgende Rezension hilfreich. This is not the same book as I received in the mail called "Words that Hurt, Words that Heal". Sorry about the mix up!
