Von Lisa M. Cottrell-Bentley : Wright on Time, Book 1: Arizona (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wright on Time, Book 1: Arizona (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read TooVon TeensReadTooNadia and Aiden are on an RV trip with their family and have stopped in Arizona to discover some ancient artifacts of the state. The two find a lot of gems and learn a lot about rocks and

minerals. The most intriguing thing they find, however, is a strange turtle-shaped device. What is the device and how did it get into the cave? How old is it? The characters are a little one-dimensional and the plot lacks something, but I have no doubt the story will probably be better developed over the course of the planned 50-book series. The story idea is cute, the pictures are well-done, the facts throughout the book are interesting, and it's fun to read and find out what the children will find next. This book would make a good introduction to rocks and minerals or a teaser for getting young readers interested in states and their history. The vocabulary, though, may be difficult for the targeted age range and some may need help reading through it. With some help from a more fluent reader, those who like the MAGIC TREE HOUSE series, adventure stories, and non-fiction books all will enjoy this book. Reviewed by: Kira M

Kurzbeschreibung Announcing Book #1 in the first series about a homeschooling family. The Wrights travel the USA in an RV. Each month brings them to a new state with a new educational theme to explore and play with. They prove that learning can happen all the time, anywhere, and that being with family is fun! Meet Aidan, age 7: Boisterous and joking all the time, this sporty boy knows how to have fun! Meet Nadia, age 11: Curious and fiery, this intellectual girl can always find out answers to even the most difficult questions. Meet their parents: Harrison, a writer and linguist expert, and Stephanie, a telecommuting computer expert; ready to adventure with their children. Meet Prince Pumpkin III, turtle extraordinaire: This 50 year old little guy is holding on tight, as the family RV and a mysterious device take him on an adventure no turtle has ever gone on before. Explore an Arizona desert cave with the Wrights as they begin their trip. What will Aidan and Nadia discover? This series is Wright on Time.
