Read this and cut through the publishing mazeVon Ein KundeThis is the first book I have read about writing a novel that explains in simple, applicable terms what a novel is; what New York is looking for; and how to write a novel. Had I had access to this book earlier, I would have saved myself years -- literally -- of wasted energy and fruitless hopes. Clearly, as the author points out, there are exceptions to the clear-cut rules in this book. But if

you're one of the gifted few who meet those exceptions, you don't need this book. For the rest of us, it's a must-read if you want to publish -- as opposed to write -- a novel.<sup>2</sup> von 3 Kunden fanden die folgende Rezension hilfreich.  
Extremely Valuable  
Von Ein Kunde  
This is the only book on writing that I've ever found to be remotely useful. It leads you from your little concept to a full manuscript in a straightforward and enjoyable manner. It's gotten so much use I actually had to replace my copy recently.

**Kurzbeschreibung** Turn Your Big Idea into a Salable Novel  
Do you have an idea for a great novel? Have you always dreamed of writing a bestseller? Are you at a loss for where to start? Look no further. *You Can Write a Novel*, 2nd Edition, gives you concrete, proven techniques to get from idea, to manuscript, to bookstore. Veteran author James V. Smith, Jr., breaks down the novel writing process into ten logical steps. You'll start building the foundation for your book right away by taking your story's three most important incidents from brainstorm to final draft perfection. Smith's approach will guide you through a practical sequence designed to keep you focused, organized, and moving forward. *You Can Write a Novel* skillfully and simply addresses the essentials, such as plot, character, setting, dialogue, and action. You'll learn how to generate a salable idea, develop your idea into a framework, and build your framework into a finished manuscript. This edition includes new brainstorming tools, fresh plot and character organization strategies, and innovative tools to evaluate your story's readability and pacing.<sup>#151</sup> plus, you'll find the one-word key to every best-selling novel. And, as always, Smith's upbeat, accessible style will cheer you on from start to finish.

**Synopsis** Inspired by James V. Smith's successful book "You Can Write a Novel", the "You Can Write a Novel Kit" capitalises on this title. In its current incarnation, "You Can Write a Novel" instructs readers on how to write a novel and lists the tools they'll need to do so. The kit will provide readers with these valuable tools, including pre-printed cards for characters and scene development, as well as charts to help readers keep track of their writing progress and eventual submissions. Readers will have all the physical tools they need, eliminating that "where to begin?" trepidation that can impede the novel-writing process.
